## U.S. Funds Coup In Thailand

DECEMBER 4, 2014 / CONSCIOUSAWARENESSFORALL / EDIT

The United States is behind the most recent overthrow of Thailand's government. Following a year of **engineered political crisis** in the nation, the U.S.-backed **Royal Thai Armed Forces** led a **coup d'état** against the government of Thailand. Nearly **30** people were murdered and over **700** injured in the **protests** leading up to the coup.

After overthrowing the government, a group called the **NCPO** (*National Council for Peace and Order*) took control the country. The group declared nationwide **martial law**, repealed most of **Thailand's constitution**, imposed a mandatory curfew, banned political gatherings, arrested, detained and **tortured** over **300** politicians, activists and journalists, censored the internet and took control of **ALL** media. The NCPO installed Thai military commander **PRAYUT CHAN-O-CHA** into power.

Though the U.S. has publicly vowed to suspend aid to the country following the coup (fucking ~~tip service~~ lies), they continue to supply the nation with tens of MILLIONS of dollars worth of military equipment and

monetary aid. According to an [analysis](#) of the U.S. Census Bureau's export data, from May through September of 2014, the U.S. has illegally (contrary to the provisions of the [U.S. Foreign Assistance Act](#)) delivered to Thailand:

- ▶ **\$11 MILLION** in parts for military aircraft.
- ▶ **\$1 MILLION+** in parts for guided missiles.
- ▶ **3 Sikorsky UH-60 Black Hawk military helicopters** worth over \$40 MILLION.
- ▶ **\$1 MILLION+** in parts for military rifles.
- ▶ Hundreds of military rifles and shotguns.

Along with the aid, the U.S. is also illegally selling military equipment to Thailand, such as:

- ▶ **9 UH-72A Lakota helicopters** and parts/service for them worth **\$89 MILLION**.

The U.S. has also [petitioned Congress](#) for **\$11 MILLION** in aid for Thailand for 2015 and will [go ahead](#) with all scheduled joint U.S.-Thai military operations ([SEE: Cobra Gold](#)).

The Thai military generals in charge say that the recent coup has put the country on a "[road to democracy](#)" ([sound familiar](#)?). It looks like the zionist machine has another pawn in the East with which to play.
